## Notification of February Dues Processing Error

District 143 would like to update the membership on Delta Air Lines' recent processing error with regard to the monthly dues deductions. As many of you may already be aware, on Friday, February 12, 2010, we were made aware by the membership that not everyone had their monthly dues deducted from their paychecks.

Once notified, District 143 Secretary-Treasurer Steve Dunn contacted representatives from pre-merger Northwest Airlines as well as Delta Air Lines to inquire as to what had happened. Unlike former Northwest Airlines, Delta Air Lines outsources their payroll department; and apparently "IAM union dues were not deducted from the 2/12/2010 paycheck for some IAM employees due to a processing error," according to the vendor.

District 143 has been advised the missing deductions will be taken on the second check (2/26/2010) for approximately 3,417 employees. Delta is communicating this to each of the employees impacted and has been working closely with the IAM to properly resolve this issue.

**Again, if you were an individual who was impacted by Delta's processing error by not having your monthly union dues deducted on your 2/12/2010 payroll check, please be advised that your dues will be deducted on your 2/26/2010 payroll check.**

While District 143 could not foresee this issue, we appreciate the numerous calls and emails that we received by the membership alerting us to this error. We hope that this process is corrected so that this does not happen again in the future.

Sincerely and in solidarity,

Stephen M. Gordon  
President/Directing General Chair

10-008
